Summary

Highly motivated Full stack developer who is about to complete the Bachelor in IT major in web and mobile development. To advance my full-stack development skills, I have joined an intensive coding Bootcamp to gain hands-on practical skills in JavaScript, ReactJS, NodeJS, MongoDB and more.

With the skills I am gained, I can create web apps and websites from scratch to deployment following SDLC principles. Proficient in several programming languages, including HTML, CSS, JavaScript, Node, Java, Sql, and C#. Adept at working with a variety of frameworks, including React and Node.js, and database management systems, like MySQL and MongoDB.

Able to work well in a team atmosphere and possess excellent communication and problem-solving abilities. Looking for a challenging position as a full-stack developer where I can use my skills, knowledge of technology and enthusiasm to create new solutions and support the accomplishments of a vibrant team.
